WHO ARE TRAGEDIANS?

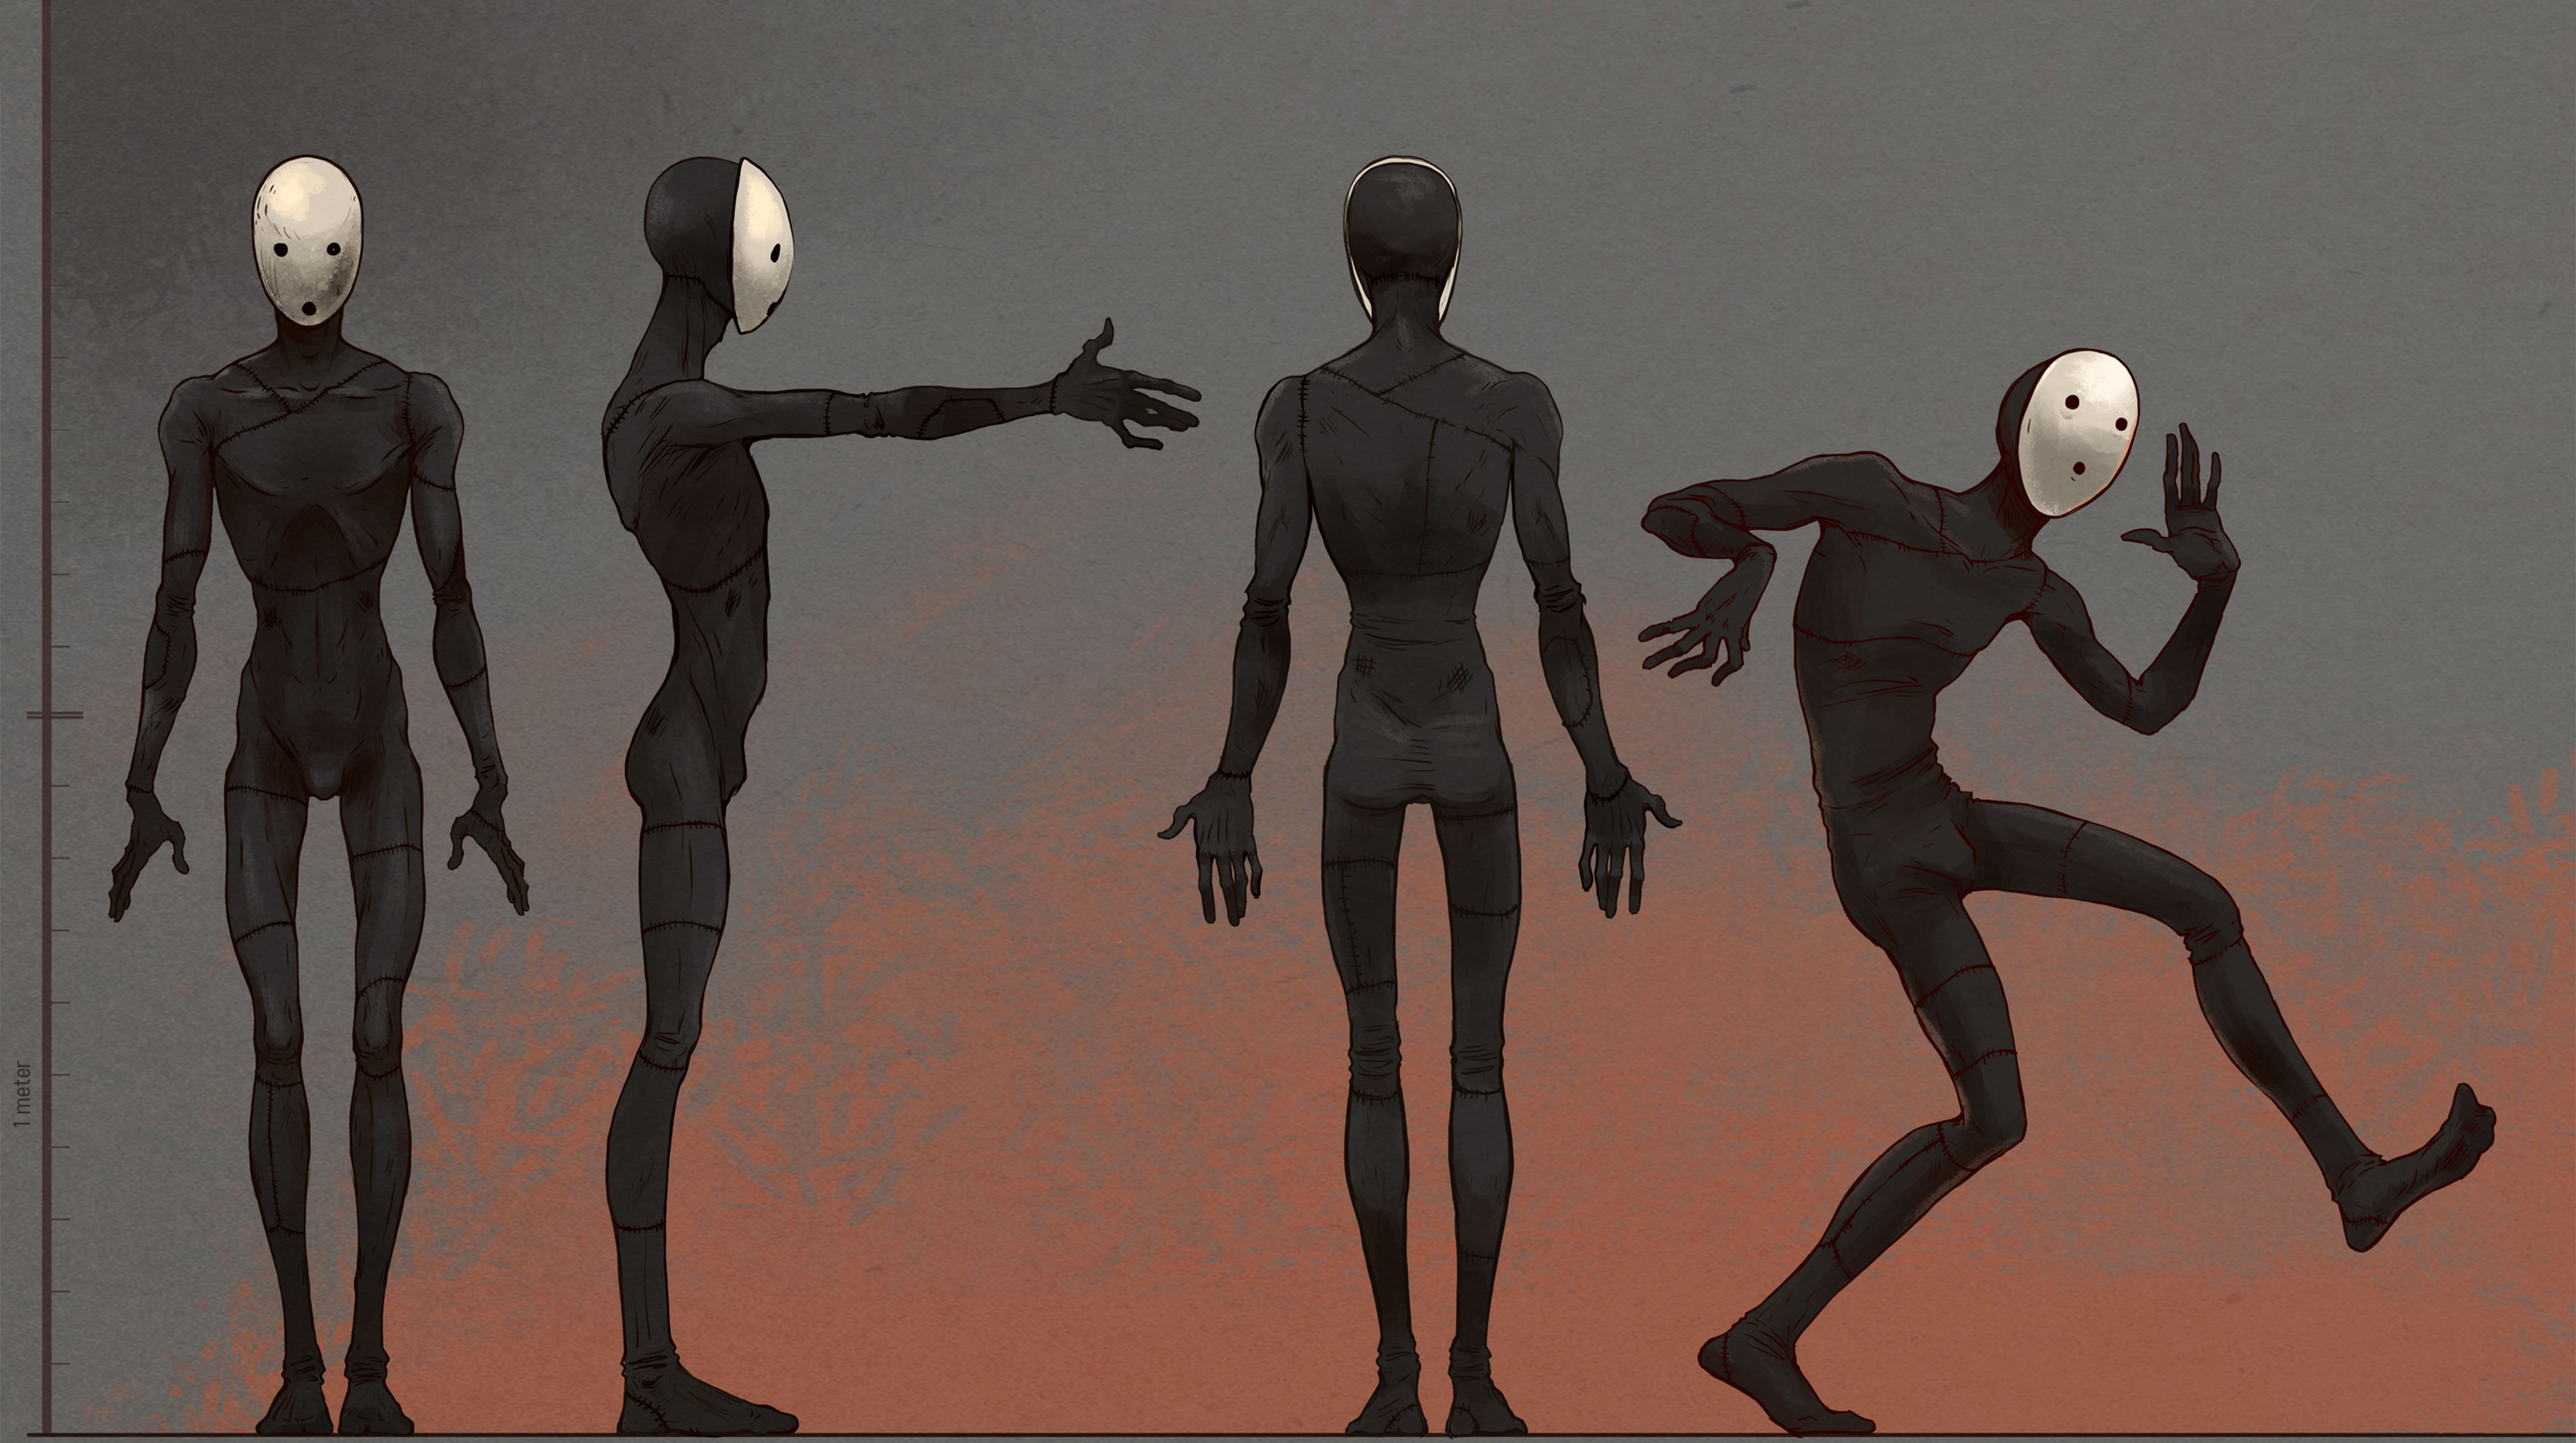

Tragedians are theatrical actors who serve as guidance in *Pathologic 2*. The whole world of *Pathologic 2* is a stage, and actors are the true experts of the theatre... but alas, being mostly mute, the best they can do to influence the events is drop hints. Be sure to keep in mind their kind, gentle and mysteriously sad demeanour!

BEHAVIORS

- Mute!
- Exaggerated movements
- Acts like a mime, performing in comedies and tragedies
